Report to the CSRBA District Court

Prepared by the Idaho Department of Water Resources  
Gary Spackman, Director  
Craig L. Saxton, Manager, Adjudication Section

September 24, 2020

## DESCRIPTIVE SUMMARY

This is an Amended Director's Report submitted by the Director of the Idaho Department of Water Resources (IDWR).

## DISCUSSION

On February 26, 2019, IDWR filed a Director's Report for the City of Plummer's Water Right No. 95-7188 for municipal purposes.

On August 27, 2020, Special Master Booth reviewed water right 95-7188 for issuance of partial decree. In his review, he found an error in a condition listed in the "OTHER PROVISIONS NECESSARY FOR DEFINITION OR ADMINISTRATION OF THIS WATER RIGHT:" section. The condition identifies the original point of diversion for under this right. The Amended Director's Report corrects the point of diversion description in the condition to T46N, R04W, S18, SESE.

The Director submits for filing with the Court Amended Director's Reports for the aforementioned subcases (see attached recommendations).
